		nited States Patent Office all information which is known oplication in accordance with Title 37, Code of Federal

I do not know and do not believe this invention was ever known or used in the United States of America before my or our invention thereof, or patented or described in any printed publication in any country before my or our invention thereof or more than one year prior to this application, that the same was not in public use or on sale in the United States of America more than one year prior to this application, and I believe that the invention has not been patented or made the subject of an inventor's certificate issued before the date of this application in any country foreign to the United States of America on an application filed by me or my legal representatives or assigns more than twelve months prior to this application, and that no application for patent or inventor's certificate on this invention has been filed in any country foreign to the United States of America prior to this application by me or my legal representatives or assigns, except as identified below:

I hereby claim foreign priority benefits under Title 35, United States Code, 119 of any foreign application(s) for patent or inventor's certificate listed below:

Prior Foreign Application(s)

Regulations, 1.56(a)<sup>1</sup>.

<sup>&</sup>lt;sup>1</sup>(b) Under this section, information is material to patentability when it is not cumulative to information already of record or being made of record in the application, and

<sup>(1)</sup> It establishes, by itself or in combination with other information, a prima facie case of unpatentability of a claim; or

<sup>(2)</sup> It refutes, or is inconsistent with, a position the applicant takes in: (I) Opposing an argument of unpatentability relied on by the Office, or

<sup>(</sup>ii) Asserting an argument of unpatentability.

A prima facie case of unpatentability is established when the information compels a conclusion that a claim is unpatentable under the preponderance of evidence, burden-of-proof standard, giving each term in the claim its broadest reasonable construction consistent with the specification, and before any consideration is given to evidence which may be submitted in an attempt to establish a contrary conclusion of patentability.

and have also identified below any foreign application for patent or inventor's certificate having a filing date before that of the above listed application on which priority is claimed: Prior Foreign Application(s)
